

## **Call For Grant Proposals**

CureScience™ Institute is engaged in patient-centric research and development towards the discovery, development and production of novel medicines in a variety of therapeutic areas including but not limited to oncology, immunology and regenerative medicine. CureScience™, a 501(c)(3) nonprofit organization, focuses on research and development, patient development and the long term goal of providing quality health care products. CureScience™ establishes and funds its own programs and also provides grants for other 501(c)(3) organizations engaged in patient care. CureScience™ is seeking innovative patient engagement proposals that address patient care, patient support and/or patient education.

### **Funding Amounts:**

Grants will be awarded in the amounts of \$2,500-\$25,000. The maximum funding amount for each patient engagement grant is up to \$25,000.

### **Eligibility:**

Patient engagement grants are only eligible to nonprofit 501(c)(3) organizations. Grant proposals may be submitted for projects in the US. Preference will be given to organizations working and residing in Southern California. Grants will be awarded throughout the year.

### **Grant Focus:**

#### **Patient Needs:**

To partner with community-based nonprofit organizations to assist with patient needs related to cancer, neurological and immune disorders. (e.g. program examples- Financial assistance for everyday expenses, transportation services, etc.).

#### **Education & Awareness:**

To raise awareness of cancer, neurological and immune disorders, where to go if information is needed, and increase the capabilities of effective patient health education programs. Grants are intended to support costs associated with a project (e.g. purchase of educational materials, brochure development, printing, etc.) and/or expenses related to the development and hosting of educational meeting or conference.

Application and grant details: [www.curescience.org](http://www.curescience.org)

Please direct any questions regarding grants to Kerry Blum; [kblum@curescience.org](mailto:kblum@curescience.org)

## Application

Grant proposals must be mailed in pdf format to [info@curescience.org](mailto:info@curescience.org). Proposals that are sent by fax or mail will not be accepted. Incomplete proposals will not be accepted. Proposals should be a maximum of 6 pages, in Arial font, font size 10. The proof of nonprofit status does not count towards the 6-page maximum.

Organizations applying must be exempt from federal tax as defined by Section 501(c)(3) of the Internal Revenue Code and be designated as a public charity (and not a private foundation) as defined by Section 509(a)(1) or 509(a)(2) or 170(b)(1)(A)(I-VI) of the Internal Revenue Code; or an exempt operating foundation as defined by Section 4940(d)(2). A Form 990 is required as well as copies of certification.

Please submit grant application and proof of nonprofit status all in one email; do not submit separately.

Proposals must include the following sections, in the order provided herein:
